# North Marin To Vote On Hospital Issue

Residents of the North Marin area who live within the 75-square-mile boundary of the Novato Fire District will go to the polls tomorrow to decide whether they will withdraw from the Marin County Hospital District.

Five polling places will remain open from 7 a.m. to 7 p.m. they are at Lynwood School off South Novato boulevard; Henry W. Chiosi garage at 4 Summers avenue; George A. Marshall garage, 853 Tamalpais avenue; Pius Zengler garage, 1830 Novato boulevard, and the

main Novato fire station off Grant avenue.

Tomorrow's election was scheduled by the hospital district's board of directors after petitions urging withdrawal of the North Marin area from the district were submitted to the board bearing 585 signatures.

**ELECTION SET**

The directors set the election rather than grant the secession outright after a public hearing at which they declared themselves unable to find that North Marin would not benefit by remaining in the district, nor that the district would not be harmed by the withdrawal.

Both findings would have been needed under law to justify board action allowing withdrawal without an election, according to the hospital district's counsel, Harold Riede.

**ARGUMENTS GIVEN**

Proponents of secession have argued that North Marin stands little to gain by remaining in the district other than increased taxes in the event a new bond issue passed by the district.

They claim also that the hospital board has admitted that it could not build a hospital in Novato for at least 10 years, and that withdrawal from the district would facilitate financing of a private hospital.

Novato physicians who have formed the Novato Hospital Corp. have already acquired a site at Hill avenue and Canyon road where they plan to construct.

## Corte Madera Annexation Fight Brews

Committee Asks Sanitary Board Move Be Protested

Corte Madera residents today were asked to lodge a protest against "this bizarre movement" by directors of Corte Madera Sanitary District to annex Paradise Cay subdivision on Tiburon Peninsula.

The request was made by a 15-man citizens' committee in a statement prepared at a week-end meeting in the home of chairman Carl Nilsen at 325 Oakdale avenue.

The group urged Corte Madera residents to appear at a public hearing on the annexation proposal June 2 at 7:30 p.m. in the Sanitary district office at 500 Tamalpais drive, Corte Madera.

**PROTESTS URGED**

"We urgently request that you protest this bizarre movement," said the committee statement, "particularly at a time when our own sanitary district's negotiations with Sanitary District No. 1 (Ross Valley) have produced nothing but dissension and our own facilities are overloaded."

The Tiburon Peninsula Sanitary Study Committee recently condemned the proposed annexation on the ground that annexation to Richardson Bay Sanitary District, which has a new treatment plant, made "much better economic sense."

In January, the Corte Madera Citizens Committee waged a successful campaign to defeat the Corte Madera Sanitary District's proposed \$850,000 bond issue for construction of its own plant. The district contracts with the Ross Valley district for treatment of sewage at the latter's Greenbrae plant.

**TALKS STALEMATED**

Negotiations between the two district boards for expansion of the Greenbrae plant apparently are stalemated.

Speaking for the citizens' group today, Nilsen noted that the Corte Madera district is confronted with the problem of maintaining overloaded sewer lines.

"Already faced with this condition," he said, "Sanitary District No. 2 (Corte Madera) is reaching out to take in a new subdivision, Paradise Cay, with a potential of 200 new homes. This is being done in the face of the fact that the district itself has failed to negotiate a new contract with District No. 1."

**REPORT CITED**

The citizens committee statement said it is "public record that the firm of Brown and Caldwell, San Francisco consulting engineers hired by Corte Madera Sanitary District, have said in a letter to the district board that it is not economically sound for a separate plant to be erected and that we should continue to send our sewage to District No. 1."

The statement said the committee will insist that directors "carry out the mandate of the voters" by negotiating a mutually satisfactory contract.

## World Leaders Pay Tribute To Dulles

WASHINGTON (UPI) — The free world today mourned the death of former Secretary of State John Foster Dulles with statements stressing his devotion to duty and the cause of peace.

The Communist world remained largely silent in its reaction to the death of the man they often denounced as a "war monger, tool of Wall Street and a religious hypocrite."

Moscow Radio and Peiping Radio reported the death in brief statements without comment. But the Communist East German News Service ADN issued an unforwearing report, saying that Dulles' name "is inseparably tied to the aggressive policy of Hitler's . . ."

President Eisenhower led

the free world's mourning. He said his former secretary was an ardent supporter of the "deepest hopes and aspiration" of free men everywhere.

**"SORRY AS CAN BE"**

Other reaction: Former President Harry S. Truman—"We've lost a good public servant and I'm as sorry as I can be."

Former President Herbert Hoover—"With his passing we have lost our greatest secretary of state."

Vice President Richard M. Nixon—"Dulles was one of the truly heroic figures of the 20th Century. He was one of those rare individuals who lived to see the verdict of history vindicate the very policies which seemed to be so unpopular at the time he advocated them."

**'GREAT STATESMAN'**

Secretary of state Christian A. Herter—"The death of John Foster Dulles will sadden all peoples devoted to the cause of peace with justice. He was a great statesman, firmly dedicated to high principles, who worked incessantly to promote the national interests of the United States, and a community of law among nations. The policies for which he strove so valiantly will live on for the day of general acceptance."

British Prime Minister Harold Macmillan — "The United States has lost a great and true champion and the NATO alliance must mourn an outstanding leader."

West German Chancellor Konrad Adenauer—"Dulles was a true friend and a fighter for freedom and Christianity who sacrificed himself with his whole soul for his convictions."

**'LOFTY EXAMPLE'**

President Charles de Gaulle of France—"His tenacity, his faith in the ideal which we hold common, and his courage, remain a lofty example for all."

Senate Democratic Leader Lyndon B. Johnson — "Our country has lost the services of a dedicated man. He believed deeply in the principle of freedom and he was a fighter for his beliefs."

President Chiang Kai-Shek of Nationalist China — "The whole free world mourns the loss of this great statesman whose invaluable contributions to the defense of international justice and human freedom will long be remembered by all freedom-loving people everywhere. His support for our common cause will forever live in the memory of the Chinese people."

# High State Funeral Planned For Dulles

## U.S. Flags Flying At Half-Staff

WASHINGTON (UPI)—A funeral of high state ceremony and a hero's burial await John Foster Dulles Wednesday in the nation's final tribute to the man who guided U. S. foreign policy through six years of cold war.

A bereaved President Eisenhower personally directed that a first-of-its-kind "official" funeral be held for the former secretary of state.

An official funeral is just short of the state funeral reserved for presidents and vice presidents, and presidents-elect and vice-presidents-elect.

**DIES IN SLEEP**

Dulles succumbed quietly in his sleep at 7:49 a.m. EDT yesterday after a three-month battle against cancer. His death at Walter Reed Army Medical Center brought expressions of sympathy pouring into Washington from the free world's leaders.

The President, openly showing his grief, declared a period of national mourning. He ordered all flags flown at half staff until the 71-year-old statesman is buried.

The chief executive, who had a close personal as well as official relationship with Dulles, also canceled most of his engagements through Wednesday.

**TALKS RECESSED**

At Geneva, the Big Four foreign ministers agreed to recess their talks for two days. Dulles' last days at the state department were devoted to helping lay the groundwork for their meeting.

Secretary of State Christian A. Herter will fly home tomorrow for the funeral services. British Foreign Secretary Selwyn Lloyd and French Foreign Minister Couve de Murville

## Convict Loses Appeal To Highest Court

WASHINGTON (AP)—Vander Lee Duncan, convicted rapist who is scheduled to be executed in California Friday, lost today an attempt to secure Supreme Court intervention.

The court denied without comment a motion for permission to petition for a writ of habeas corpus. Had the motion been granted, the court would have in practical effect been undertaking a review of the case.

In the motion, it was contended that the trial court erred in refusing to accept certain evidence offered by Duncan.

Duncan was convicted on two counts of murder for rape-slayings of two women in San Francisco. The California Supreme Court on Feb. 3 affirmed his conviction and rejected motion for a new trial.

## Burglar Breaks School Windows

Someone broke into Silveira School in Marinwood during the weekend, searched desks and drawers, and got away with 85 cents in children's milk money.

Principal Don R. Thieler discovered the entry this morning and called the sheriff. He said two windows were broken for entry, but there was nothing of value to take other than pencils and the milk money. The biggest loss is damage to the two windows.

# Inmate Escapes Prison, Hiding In Delivery Truck

A San Quentin prisoner "beat the rap" today by escaping from inside the prison fence, apparently concealed in a prison delivery truck.

The missing man, who made good his escape at 9:26 a.m., is Frank Hackett, 27, reported Associate Warden Louis S. Nelson.

Hackett was serving a one year-to-life term from San Francisco for lewd and lascivious conduct, and a concurrent shorter term from San Mateo County for fraud-

ulent checks. He entered the prison on April 25, 1958.

Hackett was assigned to the prison garage, which is outside the stone walls but within the high security fence.

This morning, he helped take a load of furniture from the prison furniture factory for delivery to Richmond and other East Bay cities, reported Nelson.

When the truck stopped at the prison gate at 9:26 a.m., Hackett alighted from it as he was supposed to do.

"But instead of his returning to the garage, the grapevine tells us that he jumped back in under the canvas in the back of the truck," said Nelson.

When the truck reached Richmond, there was no sign of Hackett.

Nelson said Hackett is the first man to succeed in escaping from inside the security fence in about three years. Robert L. Earhart, who escaped May 16 from the prison ranch and is still at large, was on trusty status outside the security fence.

Hackett is a big man, 6 feet 1 inch tall and weighing 202 pounds. He has brown hair and eyes and ruddy complexion. He was wearing the standard prison uniform of blue dungarees and chambray work shirt when he escaped.

"There is nothing in Hackett's record to indicate he would be dangerous," said Nelson, "but any man is potentially dangerous when he is fleeing from the law."

## Air Police, Rangers Aid Newswoman Injured On Mt. Tam

Alma Oberst of San Francisco fractured an ankle when her foot turned on a rock as she was picking wild flowers on Mt. Tamalpais yesterday.

George Duschek, a member of the hiking party with Miss Oberst, went for help to the 666th Aircraft Warning and Control Squadron atop the mountain. Two Air Policemen and two Mt. Tamalpais State Park Rangers carried Miss Oberst by litter nearly two miles to Rifle Camp, nearest point to the accident scene that could be reached by car. She was then taken to Children's Hospital in San Francisco.

Miss Oberst is secretary to the editor of the San Francisco News and editor of the News' book column.

## Assembly Backs Brown, Sustains His Veto Of Bill

SACRAMENTO (AP) — The heavily Democratic Assembly today sustained Gov. Edmund G. Brown's veto of a bill to permit a county board of supervisors to fire the county counsel at will.

In a 31-43 vote, 36 Democrats and 7 Republicans lined up on Brown's side. Eight Democrats and 23 Republicans voted to override his veto of the measure by Sen. John A. Murdy Jr. (R-Santa Ana).

**NECESSARY VOTE**

A two-thirds majority—54 of the 80 members—was needed to override.

The Senate voted unanimously Thursday to enact the bill into law over the governor's dissent.

The Assembly originally passed the bill 62-6.

**RIGHT TO FIRE**

Assemblyman Richard T. Hanna (D-Garden Grove), urging the house to override the veto, said Orange County should have the right to fire the county counsel, who is under indictment for bribery.

The counsel now is appointed for a four-year term under law. "This relationship between a lawyer and his client is confidential," Hanna said. "When confidence is destroyed the relationship is destroyed."

**DUE PROCESS**

Assemblyman John A. O'Connell (D-San Francisco), urged the members to sustain the veto on grounds the Murdy bill would have deprived county counsel of due process of law.

He said a bill pending in the Assembly would permit Orange County to fire its counsel—but only for cause and after a fair hearing.

Assemblyman George G. Crawford (R-San Diego), saying Brown was to be commended for his veto, predicted the situation wouldn't arise again and argued against general laws for specific situations.

## Secretary Admits Forgery Of Checks Worth \$5,250

Blonde San Rafael secretary Reva Loretta Muir, 42, admitted this morning she forged seven company checks worth \$5,250 at the San Rafael Newport Co. since last February.

Mrs. Muir, employed by Newport Co. since last September, had been entrusted

with the accounts of the company. She pleaded guilty to all seven counts of forgery.

Judge Thomas F. Keating continued the case until June 29 for a report from the probation office and for sentencing. Maximum penalty for forgery is one to 14 years in state prison.

Mrs. Muir is free on \$5,000 bail.

Sheriff's deputies and San Rafael police, who arrested the secretary at work, said she is also suspected of writing another \$4,000 in out-of-state checks and depositing them in accounts at Fairfax and Larkspur banks.

Inspector Bowen Bridges said the woman calmly explained she needed the money desperately to pay big bills she had incurred in department stores and jewelry stores in San Francisco and in Marin.

The Rumblers of Marin, a car club composed of about a dozen married men, sold several hundred tickets at 50 cents each on a trip to Reno as a fund raising measure. And Saturday, they got Police Chief Charles J. Chiesa of San Rafael to draw the winning ticket. Here is the chief taking from a box a ticket that made James T. Thornton, contractor of 80 Bay-

## Woman Believed Dead Friday Alive Today In Rest Home

A 78-year-old patient at a rest home in Santa Venetia, who was reported "dead" Friday afternoon, is alive and in good condition today at the rest home.

She is Ester Bernstein, who lives at 635 Galerita way at a rest home operated by Lillian Clawson.

Mrs. Bernstein suffered an

attack last Friday about 1:40 p.m. Attendants called firemen and a doctor. According to both San Rafael firemen and sheriff's deputies, the woman was "dead on arrival." Both firemen and deputies said they got to the rest home and were told by the doctor that the resuscitator was not needed, as the woman had passed away.

Dr. Richard B. Redalia, the first doctor to reach the victim, said the patient might have suffered a brief heart stoppage, but when he got there, Mrs. Bernstein was breathing and her pulse was beating. When firemen arrived with a resuscitator, Dr. Redalia said, he told them the equipment was no longer necessary.

Apparently, this left the impression that the patient had expired. The doctor said he had never pronounced the victim dead. In fact, she was breathing when he first saw her, and her condition continued to improve.

## 5 Marinites Pass State Bar Exams

Five Marin residents will be hanging out their shingles soon as brand new lawyers.

The five are among 281 announced today as having passed the 1959 spring bar examination. They will be certified for admission to practice in ceremonies at the California Supreme Court in San Francisco on June 17.

They are: Walton W. Gill Jr., Sausalito; Ronald L. Goldfarb, Mill Valley; Daryl J. McKinstry, Corte Madera; Dick Ivan Oberholzer, San Rafael, and Frederick C. Robbins Jr., Novato.

## Inequities Charged In Jobless Pay Bill

SACRAMENTO (AP)—Assemblyman Phillip Burton (D-San Francisco) says there are "glaring inequities" in a bill to raise maximum weekly unemployment benefits from \$40 to \$55.

The bill, backed by Gov. Edmund G. Brown, is awaiting a second hearing before the Assembly Ways and Means Committee after being amended to exclude more than 600,000 employees of public and non-profit organizations.

Burton said a worker would have to earn \$90 a week to receive any additional benefits under the present bill.

## Social Work Conference Opens In S.F.

SAN FRANCISCO (AP)—Americans are being pushed into an ant hill existence by rapid development of automatic machines and increased leisure time, according to a leading social worker.

Robert H. McRae, president of the National Conference of Social Welfare, told delegates to the 86th annual forum yesterday that "this huge manpower reserve" should be channeled into volunteer community services.

McRae, in a keynote address to the conference, said "the moral discipline of work is lost for millions of workers" through technology and the reduction of laboring hours.

"This is not to say we advocate a return to the spinning wheel and the 12-hour day" he said. "We welcome this new freedom which provides opportunities for a fuller life."

But, he said, the opportunities do not lie in golf, fishing, hunting, bridge and stamp collection, which are "not guaranteed to give a man or woman the satisfaction of being a socially useful contributor to society."

As more people give more time to volunteer work, McRae said, they not only open vast new manpower resources in the welfare field, but gain "a sense of social significance which highly mechanized jobs no longer provide."

Some 5,000 delegates are attending the six-day conference.

## Community Club May Admit Forum

Directors of the Novato Community Club will meet at 8 o'clock tonight at the clubhouse to decide whether to admit the Novato Forum as a new section of the club.

Mrs. Edward Grundstrom, president, said today the newly formed forum, which has presented public discussions on political issues, will be considered for admission on the basis of the community club's by-laws and on newspaper articles which reflect the impression made by the forum on the public.

The bylaws state that the club may not take sides in any political issue, said Mrs. Grundstrom.

## Sims Visits Capital, Sees Warren, Millers

Judge Richard M. Sims of Marin Municipal Court was back on the criminal court bench today after a three-week trip through the eastern and New England states.

Last week in Washington, Judge and Mrs. Sims were received by Chief Justice Earl Warren.

"The chief justice asked about others in Marin like Al Bagshaw and Judge Jordan L. Martinelli," said Judge Sims. "He looks forward to being

back in California again this summer."

The Sims also had dinner with Rep. and Mrs. Clement W. Miller of Corte Madera in the capital house formerly occupied by Sherman Adams.

The congressman is busy looking after the interests of his constituents, Judge Sims reported. "During my stay there, he was busy on the floor in support of the current housing measure and expressed himself as believing it would aid lumber producers and those in the building industry in this area."

The housing measure would extend government credit and promote urban redevelopment and homes for the aged.

Judge Sims started his vacation with an Air Force tour to Florida, where he was "impressed" with a demonstration of Air Force weapons.

## New Principal Appointed For Tomales

Floyd Billigmeier, now a principal in Modoc County, will be new principal of Tomales Elementary School next fall, it was announced today by Mrs. Lois Parks, clerk of the Tomales Union School District board.

Mrs. Parks said Billigmeier has accepted the post at \$5,600 a year—the same pay received by Mrs. Velma L. Dwyer, the present principal, who has resigned as of the end of school next month.

Billigmeier will teach 7th and 8th grades, and perhaps 6th grade—depending on the enrollment—as well as being principal, Mrs. Parks said.

A 1957 graduate of University of California, Billigmeier has been teacher-principal two years at Lookout and Aden Schools in Modoc County. He is married and has one child.

## V. A. Hospital Priority Told

Wartime veterans with a service-connected disability have priority for admission to Veterans Administration hospitals, it was announced today by W. P. (Doc) Duhamel, county veterans service officer.

Duhamel, in making the statement to clarify eligibility, said peace time veterans with a service-connected disability are next in line, and after that come veterans with non-service-connected ailment, but only if there is a bed available and they can show they cannot afford private treatment.

## Arts Quartet Program, Performance Praised

By DANIEL SCARLETT

Both good programming and good playing are virtues much harder to come by these days than is commonly supposed, and to find them together on a single occasion is, for honest ears, a rare event. Such an event took place yesterday afternoon at the Outdoor Art Club in Mill Valley, when the Marin Arts Quartet played its final concert of the season to a full and warmly responsive house.

It was unquestionably one of

the quartet's most interesting and best balanced programs, and certainly one of the best-played.

### HIGH POINT

One of the high points of the concert was reached in the slow movement of Haydn's "Emperor Quartet"—variations on a theme first composed by Haydn as a national anthem of Austria. The quartet's playing of these profoundly serene pages cast an almost visible spell over the listeners, as each instrument exploited its special timbre in turn, each dominating one of the variations. It was magic that comes all too seldom in present-day concert halls—music-making that would do credit to more than one ensemble of international repute.

Of the three works presented, the most uniformly convincing reading was given to Smetana's quartet "From My Life," though here, too, the slow movement emerged triumphant. Inspired by the authoritative voice of Jean Mattos Maguire's opening cello recitative in the largo sostenuto (and by the consistent nobility and restraint of her phrasing and sonority throughout the movement), the quartet achieved a warmth of tone unequalled elsewhere in the concert.

### MILHAUD WORK

The quartet presented as its final work Milhaud's own arrangement of his ballet suite, "Creation of the World," for string quartet and piano. There was no diversity of opinion about the crystalline piano of Robaline Meacham, guest artist in the Milhaud work. She is of that rare breed of pianists who know what the piano can and cannot do, especially in contemporary music. Mrs. Meacham plays pianistically but also musically—something achieved by practically none of her young contemporaries and only a few of her elders.

This, then, was a concert well worth leaving home for on a beautiful Sunday afternoon, and one that justified the loyalty and support of the quartet's growing audiences.

with Ross Valley directors "and cease wasting taxpayers' dollars on plans for a separate plant in Corte Madera."

Last November, Corte Madera voters defeated their district's bond proposal by a vote of 371 "yes" and 248 "no," short of the required two-thirds majority. In January, the measure was resoundingly defeated by a vote of 654 "no" and 248 "yes."

The total vote in January was the largest in the district's history.

Concluding its statement, the citizens committee said it is "definitely in favor of solving Corte Madera's sewage problems. We will work as hard to get Corte Maderans to vote the necessary bonds to expand the Greenbrae facilities . . . as we did to defeat bonds to erect a separate plant in this city."

A 58-year-old retired milkman, James Regalati, who lives at Marin Hotel, San Rafael, fell unconscious from a bench in front of the county courthouse at 4:24 p.m. yesterday.

Regalati was released after examination by a doctor at San Rafael General Hospital.

## Chessman Book Case Held Up Pending Appeal

Charges against three defendants suspected of helping smuggle Caryl Chessman's manuscript out of San Quentin's Death Row in 1957 were postponed indefinitely today, pending the outcome of an appeal taken to the District Court of Appeals in San Francisco.

Judge Thomas F. Keating took the case off the Marin Superior Court calendar, with agreement from both the district attorney and the defense attorneys.

The suspects are San Francisco attorney George T. Davis, literary agent Joseph Longstreth, and publisher Prentice-Hall Inc. James Martin MacInnis, representing Davis, argued that Davis had nothing to do with the smuggling, and asked that the charges be tossed out. When that was denied, he and other defense attorneys appealed to the district court.

Dist. Atty. W. O. Weissich agreed that prosecution in Marin should be held up until the appellate court brings in its ruling.

## Boy Injured As Car Flips

Ronald Wilbert Kennedy of House 655, Marin City, who will be 16 years old on June 9, suffered a two-inch deep gash on his head at 9 a.m. yesterday when a car he was driving hit the curb on an approach road to Marin City and overturned.

He was pulled from the overturned car by a Leo Brady, according to California Highway Patrol Officer Donald Greer, and taken to Marin General Hospital by Benny Pruitt of San Francisco. After the head wound was stitched the boy was released.

The youth told Officer Greer that the car brakes failed on a curve about 75 feet east of Highway 101.

struct a 30-bed hospital at a cost of about \$400,000.

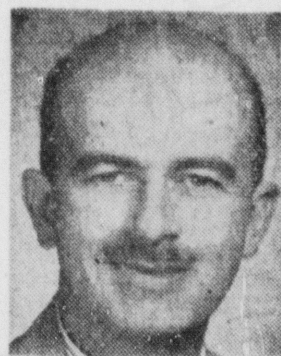

The group maintains that lending firms will more readily finance the project once assurance is given that the hospital will not be in direct competition with a county hospital.

Opponents to the secession move, argue that a future county hospital in Novato is worth waiting for — that when the time comes, the entire county would help finance such a hospital for Novato. Otherwise, they contend, the people of North Marin would need to form a new district of their own in order to get such a public hospital.

Also, they say, taxes would be much higher to support the needed bond issues than taxes now being paid to Marin County Hospital District.

Once future expansion is undertaken at Marin General Hospital in Greenbrae (and therefore once additional bond issues are authorized by the voters) North Marinites could be charged additional rates at that Hospital, argue the opponents of secession.

Tomorrow's voting will tell the tale. Only a simple majority is necessary to pass or defeat the proposed secession.

## Chiropractor's Role In Health Explained

by Dr. Robert W. Pearce

Do you know what a chiropractor does? Many folks make the mistake of thinking that a chiropractor gives massages to people with sore backs. That's far from the truth.

Actually, a doctor of Chiropractic works with a person's nerves. You see, the center for all nerves is in the brain. These nerves flow down through the spine to all parts of the body.

Often these soft nerves are pinched by the hard bones of the spine. Sickness then results . . . for no part of the body can work properly without nerve energy from the brain.

By correcting defects in the spine, chiropractors have been able to restore this

also will attend and West German Foreign Minister Heinrich von Brentano probably will.

In Bonn, aides announced West German Chancellor Konrad Adenauer will fly here for the funeral.

### GROMYKO MAY ATTEND

There was even a possibility an American spokesman said that Soviet Foreign Minister Andrei Gromyko, an implacable diplomatic foe of Dulles would be present.

The funeral services will be held at 2 p.m. EDT Wednesday in Washington's huge National Cathedral with burial in Arlington National Cemetery, the hallowed resting place of the nation's heroes.

The body will lie in state at the cathedral's Bethlehem Chapel from noon tomorrow until noon Wednesday. An honor military guard will be posted.

### CHURCH OFFICIALS

Dr. Roswell P. Barnes of New York, a secretary of the World Council of Churches, will lead those officiating at the services, along with Dr. Paul Wolfe of the brick Presbyterian Church of New York, and Dr. Edward L. R. Elson of the National Presbyterian Church of Washington.

Like the President, Dulles attended the National Presbyterian Church. He served the church as an elder. The funeral will be held at the National Cathedral, an Episcopal church, however, because of space limitations at the Presbyterian church.

### LIFE WANES

Dulles' life had been gradually waning for weeks as cancer complicated by pneumonia sapped his once rugged strength.

The president said that Dulles was "brave in dying," as he was in living.

With Dulles when the end came in the medical center's executive suite were his wife of 47 years, Janet; his sons, John and Avery; his brother, Allen, head of the Central Intelligence Agency, and his sister Eleanor, a state department official.

### TRIBUTES HEARD

Expressions of admiration for Dulles as a man and for his service to freedom came from leaders around the world.

"We've lost a good public servant," former President Truman said.

"A great American has passed," said Sir Winston Churchill, who visited Dulles only three weeks ago.

Vice President Richard M. Nixon said Dulles lived long enough to see history vindicate his policies, some of which seemed unpopular at the time he advocated them.

In Russia, Radio Moscow reported Dulles' death routinely and without comment as the 14th item in a news program of 17 items.

### Reed Board Agenda

Scheduling of classes for the Reed Union School District's summer school program month of July session is on the agenda of the trustees' meeting at 8 p.m. tomorrow in the Tiburon boulevard district offices, according to Supt. Paul R. Stouffer.

## Judge Keating Turns Down Convict's Plea

Clifford Jefferson, 32, San Quentin Prison inmate who has been off and on Death Row for stabbing another prisoner, has sent another pencilled letter to Judge Thomas F. Keating of Marin Superior Court asking for a writ of habeas corpus.

Judge Keating denied the application Friday afternoon.

Jefferson wrote to the judge complaining he had been placed in solitary confinement for longer than the legal limit of 29 days for allegedly cutting another inmate last April 15. Jefferson says he knows nothing about the cutting.

Last April 28, Jefferson asked the judge for placement in a mental hospital because life without possibility of parole is a "living hell."

The convict was sentenced to die for the 1955 stabbing of a Folsom Prison inmate. But last summer, Gov. Goodwin J. Knight commuted the sentence to life without possibility of parole.

Jefferson is now suspected of helping knife another inmate last April 15. Dist. Atty. W. O. Weissich says he does not have enough evidence on this stabbing, and the case may not come to trial.

## Chief Didn't Laugh At Joke

A teen-age boy on Friday night tried the prank of lying on the street in the path of Ross Police Chief Joseph Regoni's car.

The police chief said he had been keeping an eye on four boys whom he had turned away from the Lagunitas Country Club where they attempted to join an eighth grade graduation party to which they were not invited.

Chief Regoni said he drove the patrol car within four feet of the prone prankster, got out of his car, took the youth by the nape of his neck and gave him a shaking.

The youth and his three companions then ran off in the direction of Kent avenue.

Mrs. De La Montanya said a dark colored vehicle approached her in the middle of the road and she swerved right to avoid it. Her car rolled onto its left side. A friend took her to Marin General Hospital for emergency treatment.

**SADDENED EISENHOWERS** — President and Mrs. Eisenhower, both obviously saddened at news of the death of Secretary of State John Foster Dulles, are shown in their limousine as it entered White House grounds yesterday on their return from weekend at their Gettysburg farm. Later they paid a 20-minute visit to the Dulles home to call on the secretary's widow. (UPI Telephoto)

## Dulles Was General In Anti-Red Battle

WASHINGTON (AP) — John Foster Dulles was for six years President Eisenhower's No. 1 cold war general in the fight against international communism.

He had to quit his active part in that fight last April 15, when at the age of 71 the ravages of cancer forced him to resign as secretary of state.

Thus ended a career that had made Dulles an outstanding world figure, a tireless diplomat whose tactics sometimes stirred praise, sometimes criticism.

One consistent fact: The Russians didn't like him.

The resignation was tendered to become effective at Eisenhower's convenience. By his own wish Dulles held on to office long enough to countersign the commission of a friend and fellow worker, Christian A. Herter, to succeed him.

Dulles performed that friendly service April 21 at Walter Reed Army Medical Center, where he had been much of the time since it was discovered in February that cancer had recurred in his abdominal region.

Surgery proved temporarily successful in 1956, but the doctors decided this time they would have to rely on massive radiation. For a time, their patient responded, but on April 14 they reported evidence of a cancerous growth in the lower neck.

The announcement of Dulles' resignation, long expected though it had been, loosed an extraordinary flood of statements. "It's as heavy a volume as we've ever had," reported James C. Hagerty, the White House press secretary.

These comments were the sort that usually heap praise when a prominent man lies dead—but here was a case in which the man could read and hear what people thought of him.

Eisenhower wrote to "Dear Foster":

"I accept, with deepest personal regret and only because I have no alternative, your resignation.

"In so doing, I can but repeat what the vast outpouring of affection and admiration from the free world has told you."

Eisenhower went on to remark on Dulles' talents, integrity, his heritage and experience, and called him a man who inspired countless people to join the free world fight for freedom and principle.

Enthusiastically but less formally, Eisenhower several times called Dulles the greatest secretary of state America ever

## Japan Peace Treaty Notable Dulles Feat

WASHINGTON (UPI) — Even before he became secretary of state, John Foster Dulles achieved a notable diplomatic feat against heavy odds when he negotiated the Japanese peace treaty.

As an adviser to former Secretary of State Dean Acheson, he suggested that one man be given the responsibility for negotiating a treaty. Acheson gave Dulles the job.

The task appeared hopeless at first because of Soviet obstructionist tactics. But Dulles hit on the idea of negotiating the treaty with interested nations separately rather than at a big peace conference.

Dulles negotiated several times with the Soviet Union's Jacob Malik, but without success. Other nations were also skeptical. Great Britain feared Japanese economic competition. Australia and New Zealand feared revival of Japanese military might.

The Philippines, Thailand, Indonesia, Burma and other nations that had been overrun wanted reparations totaling eight billion dollars.

Flying from capital to capital, Dulles overcame all fears. He knew heavy reparations would wreck the Japanese economy. He worked out a plan for Japan to pay in goods and services without wrecking its productive capacity.

He convinced Australia and New Zealand that a Japan recovered and on the side of the United States would be better than a Japan fallen into the hands of the Communists.

Dulles straightened out differences with the British and a year from the day when he had received the assignment 48 nations signed the treaty in San Francisco.

## Pope Pays Tribute At Death Of Dulles

VATICAN CITY (AP) — Pope John XXIII today said the death of John Foster Dulles has caused great sorrow in the world.

The ruler of the Roman Catholic Church added that in this moment of sorrow he personally felt close to Dulles' son, Avery, who left his father's Presbyterian faith and became a Jesuit priest.

He said that he could not take part in a Big Four summit conference.

That tough job, which he would have gloried in, now falls to Herter.

### INSTANT TONIC

Back in the old days a thing called a "tonic cup" was a favorite remedy for almost anything that ailed you. Cheap, too. You took a cup made of bitter wood... added hot water... let it steep. Then, when bitter, you drank it. Simple? Yes. Too bad it didn't do any good. Nowadays science gives us more reliable medications. Even so, some people still take "home remedies" when their illnesses require more effective medication. Play safe. When you or a member of your family is ill, seek professional care. See your physician for diagnosing and prescribing... call us for prescription service.

## As Air Age Diplomat, Dulles Flew World To Keep Peace

WASHINGTON (UPI) — John Foster Dulles, born before the airplane was invented, was an air age diplomat who flew more miles in his quest for "peace with honor" than any other diplomat in history.

Before final illness forced his resignation in April, Dulles had logged 559,988 miles by plane on official business during his six-year tenure as secretary of state.

Newspaper cartoonists justly employed his penchant for flying to symbolize his endeavors.

As secretary of state, he visited 46 foreign countries—some of them many times—and totaled 479,286 air miles. In addition, he travelled 80,702 miles by plane in the United States itself for official conferences and speeches.

Even before taking his cabinet post in 1953, Dulles as a foreign policy adviser under former President Harry S. Truman had flown 125,000 miles in his achievement of working out

a Japanese peace treaty.

As President Eisenhower's foreign policy architect, crisis after crisis saw him travelling by plane to London, Paris, Madrid, The Hague, Rome, Tripoli, Cairo, Tel Aviv, Jerusalem, Seoul, Phnom Penh, Brioni, Ottawa, Denver, Caracas, Bermuda, Augusta, Ga.

His last plane trip was from Hobe Sound, Fla., to Washington on April 12. President Eisenhower's personal plane,

# South State Makes Grab For Control Of Legislature

We shouldn't be surprised at the actions of Southern Californians. But somehow they always manage to come up with some new twist to take something from the North, and we are surprised all over again.

This time they propose a "fair" redistricting of the State Senate. They figure that because the greater population lives in the South, that the South should at least have a 50-50 break in the State Senate.

They don't mention the State Assembly, which they already dominate.

The plan, as proposed by Los Angeles Supervisors Chairman Frank G. Bonelli, would give the counties north of the Tehachapis 20 senators and those south 20 senators. He proposed it to give heavily populated areas more representation, he said.

That's a laugh! Here's the way it would work:

Los Angeles would get five senators, San Diego three, Orange, San Bernardino, Kern and Riverside two each, Ventura, Santa Barbara, San Luis Obispo and Imperial, one each.

Up north, San Francisco, Alameda and Fresno counties would have two senators each; Santa Clara, Stanislaus and San Joaquin would have two between them; so would Marin, Contra Costa and Sonoma, as would San Mateo and Santa Cruz, and also Sacramento, Solano, Napa and Yolo combined. The six remaining senators would be assigned to the remaining 33 counties of the state.

As you can see, Bonelli wants to be "fair" and allocate senators by population — oh?

Like Santa Clara, population 510,900, Stanislaus 147,300, and San Joaquin 229,500 having two senators and Riverside, 271,300 getting two also. (All populations are 1958 official estimates.)

Or like Marin 122,600, Contra Costa 381,200 and Sonoma 135,700 having two senators, while San Luis Obispo 66,200 and Imperial 68,880 also have two. Or San Diego 877,500, three, and Alameda 888,900, two senators.

There are many other examples.

Of course Los Angeles is unhappy because they have only one senator and Marin has one too. But they should also get het up about the fact that California has only two U.S. senators and Nevada has two also.

That's the way our founding fathers worked things out — so that a large concentration of people in one spot couldn't dominate the whole country. And it's the same in the state.

The obvious inequities in Bonelli's proposal unmask it for what it really is, not an attempt to redistrict the state senate fairly, but an attempt by Southern California to grab complete control of our legislative body.

It is a fumbling attempt, but not one to laugh off lightly. They can out-vote us, you know.

## Great Monarch Mystery

During the summer months in Marin, the big beautiful orange and black-winged monarch butterflies will be a common sight.

Although these handsome butterflies migrate for more than a thousand miles in large swarms each year, they are seldom molested by the birds which fill the lives of other species with constant danger. The conclusion was reached that monarchs must have a terrible taste.

But recently some strong-stomached scientists thoroughly chewed and tasted

some monarchs and proclaimed them "bland; quite similar to dry toast." Thus another theory was knocked in the head.

Now we have no idea why monarchs are so immune from hungry birds. It is suggested that their color has something to do with it. This sounds like a good try, since the taste angle is no longer valid.

However, the great monarch mystery remains unsolved.

Not that it matters so long as we can see these lovely butterflies during so much of the year in Marin.

# Gossip Has A Bad Name, But It's Sometimes Like News Analysis

By SAUL PETT  
For HAL BOYLE

NEW YORK (AP)—I don't know how gossip gets its bad name, but I'm coming out in favor of it, foursquare.

Most people, if they were frank, if they'd drop hypocritical pretense, would agree with me, I'll bet. After all, gossip is simply the receipt of the mulling over and the transmission of information. Where would we be without it? Does the nature of the information taint the listener.

Anyway, isn't it a question of semantics?

If four old biddies sitting on the front porch sip lemonade and chew up the neighborhood, why call that gossip?

Why not call it news analysis? Aren't they, like Walter Lippmann or Ed Murrow, trying to understand the world around them, trying to satisfy a basic curiosity?

Isn't gossip in its broadest sense the basic drive behind every good reporter, research scientist or counter spy? Personally, I find that nothing brightens or uplifts or adds a dash of color to a dull day than a choice bit of gossip.

If Charlie Jones, who lives three doors down the street, belts his wife, I want to know about it. I find such information stimulating.

Gossip, after all, provides the excitement in the drab lives of the rest of us who can't afford to or lack the temerity to do the things

people get gossiped about. If you know a man who shouts down his mother-in-law after two beers, don't protect me from the news. It may be inspirational.

Have you ever seen greater esprit de corps or a greater sense of vitality in the office that exists in the group of gossips buzzing around the water cooler. Gossip is a vintage champagne.

WHEN YOU get right down to it, gossip is the basis appeal of Shakespeare and the soap operas. True, the poetry and human insight of Hamlet helps but aren't you also titillated by the juicy family scandal?

Soap operas give you a new scandal or crisis every day but the trouble with soap operas is they give you too many facts. They leave nothing to challenge the imagination. And nothing kills gossip like all the facts. Real, active, dynamic gossip needs a little elbow room, a tiny area of ignorance and mystery to grow on.

BUT TO ACHIEVE respectability, gossip needs a set of ground rules. If you hear a nasty bit of gossip about an enemy or competitor and you pass it on to your wife and three best friends, that's acceptable. But further circulation is malicious. You, as the circulator, are suspect, of course.

Coloring the gossip you hear by say, 40 per cent, is just ordinary, garden variety, healthy American, idle gossip. More than 40 per, it's malicious.

Gossip, I say, but let's be fair about it; let's do it in the American way.

### What Is Goal Of Teachers' Wages?

EDITOR,  
Independent-Journal:

What is the ultimate goal of school teachers in their salary schedule?

Is the suggestion of a local teachers salary committee of \$10,000 a year maximum (being \$55 a day for the 181 days worked) the final demand, or is it double or triple the present scale as suggested by a radio panel from the Alameda School District?

It is a fallacy that increasing salaries in these proportions (double or triple) will improve education. No one would expect twice the care

from an M. D. if his fee were doubled.

Since more than 65% of a district budget is for salaries, every taxpayer should be vitally interested.

Consideration should be given to the increased cost of living. Years ago the salaries were certainly too low. The starting salary for a married man could be improved, but is comparable with commencing salaries in large corporations.

The teachers "take home pay" is probably smaller than those in outside employment due to the amount voluntarily put in the retirement fund.

Restraint should be used in salary demands, as it falls directly on the taxpayer al-

ready at the breaking point.

If salary inflation is kept out of the school budgets, any proposed tax increases will be approved more readily and it will truly be a "Vote for Education."

### Students Take Pride In 'Taut Ship'

EDITOR,  
Independent-Journal:

May a Marinite temporarily in London have a word about a matter which is close to my heart?

Last fall the Grand Jury complained about Marin schools, hoping for "a higher level of achievement." I had to return here before hearing what came of it.

It takes money and time to train more teachers and build more rooms. But I write you because this year has shown me something which can be changed overnight: more home work.

Our five children came out of Marin public schools and walked right under a waterfall of homework — every night, weekend and holidays too. They screamed, but they did it, and two have made the honor roll. (Oddly enough, it is the American School of London, with American teachers, texts and pupils).

The ease with which they took on the doubled burden showed that previously they had been running at half speed.

Your present teachers can easily turn the spigot and "pour it on" — provided the parents back them up. Children take it in stride when they know everyone else has to do the same. Like sailors in a taut ship, they take a contrary pride in strictness.

Don't let this suggestion out. When I return in August I may have youngsters gunning for me on bicycles in the public streets.

BENNETT CERF

Timely political squib from the files of the immortal Will Rogers: "They took me to meet President Harding, and I said, 'Mr. President, I would like to tell you all the latest jokes.'

"You don't have to, Will," he answered. "I appointed them."

One of Walter Davenport's favorite stories concerned a time that a proud citizen of Charleston, S.C., attending the University of Wisconsin, was dilating upon the splendors of his home town. A Yankee, thinking to put him in his place, asked, "Where is Charleston?"

Turning slowly toward the enemy, the orator replied with dignity, "Charleston, sir, is that untarnished jewel shining regally at the sacred spot where the Ashley and the Cooper join their majestic waters to form the Atlantic Ocean."

### Mill Valley School District Residents May Have To Switch Bond Emphasis

As the Mill Valley school bond workers nurse their wounds after being defeated by only 74 votes last Tuesday, they are turning the other cheek, we're told, with the idea of mapping plans for another effort to get money for classroom expansion.

We noted the many dedicated people who worked hard and long to get the bond issue approved. We have been told that in districts where bond issues have been approved, potential objectors have been ferreted out and swung over to the "yes" column prior to election.

Perhaps future "selling" pressure in the Mill Valley district will have to concentrate in the enemy's camp and less among those who will vote for the bonds anyhow.

OUR TIBURON Peninsula newshawk, Dee Dee Abramson, is usually a demon when it comes to going on top of what's keeping on.

During the past week, some of her sources had a little respite from her search for news. Not because she forgot or was lazy, but because she was sporting a gorgeous case of chicken pox and high fever.

BEATING THE DRUMS for the upcoming 50th anniversary of S.F.'s Sheraton-Palace Hotel (it re-opened in 1909), Russ McMasters says that the addition of the name "Sheraton" to the honored title several years ago almost caused a civic upheaval.

Speaking to Sausalito Rotary Club last week, McMasters said that such a major happenstance was avoided when the hotel, without prior notice, provided two additional ounces with each martini served, at no increase in price. Within a matter of hours, he related, the word was around

town, customers were three deep at the bar — and the name Sheraton-Palace had been accepted.

EVER SINCE Si Weil startled Mill Valley with his radically new concept of window decorations (he installed a cascading brook over moss covered rocks), his spirits store has been a focal point for passersby. The past week was no exception.

Without benefit of an explanatory card, the display contains such items as a paper champagne bucket, but no champagne; a pair of sandals; a beret; literature of a highly modern nature; long black cotton stockings; records whose titles imply a new kind of existence; a model's head topped by a frowzy wig.

Si's party pad window is quite an attraction.

MILL VALLEY CITY Councilman Peter Behr and his family plan to leave next week on an extensive European trip. Seems the law requires a city council to grant permission to one of its members who will be absent from meetings more than 60 days.

The request came up as a routine item. Behr's conferees, however, with completely straight faces, debated the proposal loud and long, coming up with the most amazing possible repercussions due to his absence, until Behr began to wonder whether his trip was being sabotaged.

Behr, sitting as acting mayor, repeatedly asked for a motion on the matter, only to be greeted by further debate. After untold minutes of suspense that probably seemed like hours, Behr received his permission on condition that he send numerous post cards reporting on his trip.

### Some Legislators Resent Teachers Lobby Intrusion Into Tax Matters

SACRAMENTO (CNS) — The dual lobbying role of the California Teachers Association — especially the "tax and tax" side — is beginning to wear a bit thin with a number of members of the Legislature.

Time was when Arthur F. Corey or Robert McKay could be expected to appear in legislative committees only on matters directly affecting teachers — higher salaries, more benefits, higher school apportionments, retirement gains, tax write-offs and the many other campaigns with which the Legislature has been bombarded successfully over the years.

BUT IN THE PAST couple of years, the CTA has had its powerful oars in on many other matters, especially taxes. This is having some adverse effects, as was evident at two hearings on the same day last week.

Two bills properly were sent to interim committees because of the CTA appearances, or at least, in spite of them.

One was the big "possession interest" bill of Assemblyman Thomas J. MacBride (D-Sacramento). This would have taxed corporations dealing in defense contracts for property and equipment which technically is owned by the federal government. The Senate Revenue and Taxation Committee sent it to the Committee on Interstate Cooperation for a two-year rest.

THE OTHER BILL, also before R&T, would have permitted local school boards to raise school district taxes above the legal maximum, without a vote of the people. It, too, went the interim committee route, meaning no action for at least two years if at all.

One senator-member of the R&T committee said he felt the possession interest bill had been handled poorly before the committee and there was some resentment from pressure by McKay.

As for permitting school

districts to boost tax rates after voters had refused the override, Sen. Luther E. Gibson (D-Vallejo) objected to a request the legislature, in effect, go over the taxpayers' head. Gibson noted also that many override tax elections in recent years have been defeated by the voters — another argument against extending the power to local school districts.

ON OTHER TAX questions, the CTA has been in the front of the supporters. While labor, consumer groups and industry appeared to protest features of Gov. Edmund G. Brown's \$256 million a year tax program, the CTA was on hand to support each bill.

In such presentations, teachers were not mentioned directly. But the inference was there that the taxpayers should be asked to come with more dollars, in order for higher salaries and better conditions for teachers.

During this season, as in 1957, the teacher lobby has been in the incongruous position of supporting higher taxes on cigarettes and beer in order to provide money for education. This is poor public relations, at best, and most legislators resent any tie-in between education and such things as beer and cigarettes.

### Forger Due Parole In October

One of four men sent to Folsom State Prison for Marin crimes was given a release date yesterday by the Adult Authority, meeting at Folsom last week. Robert Berhow, who was admitted to San Quentin Prison in 1949 on a 1 to 14-year term for a Sonoma County forgery, will be freed on Oct. 13.

Associate Warden W. D. Achuff at San Quentin said Berhow was paroled in 1953 and returned in 1954 after a forgery in Marin. He was paroled again in September, 1956, only to land in Folsom.

McClellum Jones, 33, who was sentenced by Judge Edward I. Butler of Marin Superior Court to 1-10 years in prison with the term to run concurrently with his one-year-to-life stretch for lewd and lascivious conduct in Los Angeles County, had his case postponed until November because of disciplinary infractions at Folsom.

He entered San Quentin in

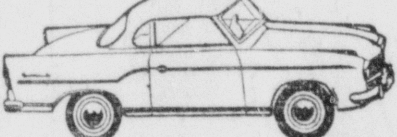

1943, and was later charged with assault with a knife. Upon his conviction in June, 1948, he was transferred to Folsom.

The others, Richard Smith, 31, of Alameda County who was found with a weapon in his possession while at San Quentin on an attempted robbery conviction, and Harry Luckett, who was convicted of three counts of destruction while at San Quentin, were denied consideration for parole or term setting. Their cases will be reviewed again in June, 1960.

## Formosa Reports 80 Dead In Nanking Riots

TAIPEI, Formosa (P)—Nationalist China's official Central News Agency reported today that more than 10,000 persons rioted near Nanking March 17, killing more than 80 Communists who refused to join them.

The report said Communist troops killed more than 200 peasants with machine guns and arrested more than 400 others.

The peasants reportedly were inflamed by the death from exhaustion of a 78-year-old woman assigned to care for 12 children in a commune at the Yantze River town of Kinagtu.

Central News said its information had filtered out of the mainland. There was no way of obtaining any confirmation.

## Drunken Driver Gets Jail, Fine

A San Rafael carpenter, who has six prior drunken driving convictions within the last 17 years, drew five days in jail and a \$250 fine for his seventh offense.

Judge Albert F. Scheidecker of Sebastopol, sitting in Marin Municipal Court, took into consideration the fact that only one previous conviction had occurred within the last seven years.

William Herman Arp, 47, of 720 B street, San Rafael, was arrested May 14 on Highway 101 at Terra Linda. He was also driving with a suspended license. The judge fined him \$50 for that offense, making the total \$300 fine and five days in jail.

Arp was released because he has already served five days since his May 14 arrest. Prior convictions, all in Marin County, occurred in 1942, 1944, 1946, 1947, 1950 and 1952.

James Merideth Hickey, 59, of San Francisco, also drew five days in jail and a \$250 fine. He was arrested on Highway 101 May 12.

Hickey had a previous drunken driving conviction in San Francisco in December, 1956.

## Big Four Meet Recessed For Dulles Funeral

GENEVA (UP)—The East German Communists may try to send a delegate to the funeral of John Foster Dulles in a backdoor attempt to secure diplomatic recognition, informed sources reported today.

The sources said the United States would firmly resist such a move.

The big four called a two-day recess in the East-West Foreign Ministers Conference so the three western ministers could fly to Washington for the funeral. It still was not known whether Soviet Foreign Minister Andrei Gromyko would go.

**GROMYKO UNDECIDED**

Informed sources said Gromyko indicated last night he did not plan to, but some diplomats believed the Kremlin might order him to Washington in a goodwill attempt to cover up the East-West tensions still prevailing in Geneva. A Soviet spokesman said today no decision had been taken.

There was some speculation Gromyko might fly to Albania for consultations with Soviet Premier Nikita Khrushchev who arrived there today.

In the meantime the East Germans took note of the fact West German Chancellor Konrad Adenauer and Foreign Minister Heinrich Von Brentano were flying to Washington for the funeral and already have selected a delegate, informed sources said.

**PROPAGANDA ATTEMPT**

The sources said any East German "delegate" would have to obtain a U. S. visa and that no such visa would be granted on such short notice since the West had no intentions of letting the East Germans make propaganda out of so somber an occasion.

The East German Communists let their feelings about Dulles become known last night when their ADN News Agency said Dulles' name is "inseparably tied to Hitler's aggressive policy and to the creation of a new war arena in Europe."

**BRIEF MEETING**

Despite the gloom here as result of Dulles' death, the foreign ministers were meeting today. The Western Big Three were pushing a last minute attempt to win Soviet agreement for secret Berlin talks before recessing for two days.

They hoped to win from Gromyko a firm commitment for restricted sessions at which they would reach at least an interim agreement on Berlin. They were not forgetting that Wednesday, the date of Dulles funeral, also is the May 27th expiration date of the original Soviet ultimatum for the West to get out of Berlin.

## Ex-Nazi Camp Guard Admits Murdering 500

FULDA, Germany (P)—A former sergeant of the Nazi SS elite guard has admitted killing at least 500 concentration camp inmates in the last months of World War II, state prosecutor Robert Hafke said today.

Gottlieb Muzikant, 55, an SS medical corps sergeant, said he either strangled his victims or gave them fatal injections of air or insecticide, Hafke told newsmen.

He said that Muzikant made the admission when confronted in his jail cell with Dr. Claus Salomon, a Jewish inmate-doctor at the Melk concentration camp.

Muzikant was arrested last April 30 after witnesses in another war crimes trial described him as one of the most brutal men on the staff of the Mauthausen camp. He had been living here in seclusion as a worker.

The former sergeant reportedly said he killed the inmates, all of them on the sick list, under a camp directive ordering the killing of "useless eaters." All were killed in the Melk camp between February and April 1945.

The state prosecutor said Muzikant would probably go on trial in July.

## Stewardess Holds Onto Pilot As Door Flies Open In Midair

PHOENIX (UP)—A 20-year-old fledgling airline stewardess described today how she wrapped one arm around a DC3 pilot and the other around a seat to keep him from being sucked out of the plane when its door popped open 6,000 feet in the air.

Carolyn Hanna of Denver, a stewardess for only four months, and Frontier Airlines pilot George Graham both tumbled to the floor Saturday after the door suddenly sprang open, creating a terrific suction.

"My heart stopped when I saw him so close to that door," she said. "The door flew open and I grabbed his arm."

She held onto Graham and the seat until they were both firmly anchored and able to regain their balance.

Miss Hanna said she had been hoping for "something exciting" to happen to her since getting her wings last February.

"I've had enough excitement now," she said.

Graham, of Denver, spotted

an indicator light showing the door was not securely fastened and had gone to check it when it popped open over Prescott, Ariz.

The Denver-to-Phoenix plane landed—with Graham at the controls—at Prescott without mishap, although the door remained opened and brushed against the runway.

## 8 Chase Whitt In Final Round Of Memphis Open

MEMPHIS, Tenn., (UPI)—Dark horse Don Whitt of Borrego Springs, Calif., carried a one-stroke lead into the final round of the Memphis Open Golf Tournament today, but at least eight other players were given a chance for the title.  
Whitt fired a six-under-par 64 yesterday to seize the 54-hole lead with a total of 201 strokes.  
But right behind at 202 were veteran Jay Hebert of Sanford, Fla., and another dark horse, Tom Veech of Milwaukee, Wis. and only three strokes off the pace at 204 were a couple of old tourney hands, masters Champion Art Wall of Pocono Manor, Pa., and Al Bessellink of Grossinger, N.Y.  
Four more players at 205 were only four strokes behind Whitt, in position where one hot round could pay off with the top prize. They were Lionel Hebert of Lafayette, Fla., Al Balding on Ontario, Canada, former PGA Champion Doug Ford of Paradise, Fla., and Gary Player of South Africa.

**Hopps, Arnold Beaten**  
PARIS (AP)—Janet Hopps and Mimi Arnold, last of the Americans in the French tennis championships, were eliminated Saturday.

# Cepeda's Bat Spearheads Giants' Surge

The Los Angeles Dodgers and San Francisco Giants opened a two-game series in San Francisco today on somewhat more even grounds than earlier this season.  
Los Angeles won five of the first seven jousts between the California clubs, but then the Giants won two of their three games in the Southland last weekend, thanks largely to Orlando Cepeda's husky bat.  
The Giants nominated left-

hander Mike McCormick (2-2) to start today against Dodger southpaw Johnny Podres (4-2). Podres was 1-0 against the Giants and McCormick was 0-1 against Los Angeles.  
Fine pitching helped, but the muscular Cepeda was as much responsible as anyone for cutting the Dodger lead in games to 6-4 during the games at Coliseum.  
Cepeda slammed a two-run homer, a triple and a single

yesterday as the Giants cut the Dodgers down 6-1 before 30,518. Cepeda, who had forced the Dodgers into extra innings Friday with a ninth-inning triple, finished the series with 7 hits in 13 times at bat. In his last eight games, he has gone 16 for 32. He now has eight home runs.  
Sad Sam Jones pitched superlatively in the clutch Saturday as the Giants won 4-2 and

Jack Sanford looked even better yesterday. He gave up five hits and wobbled perceptibly only in the fifth inning, when the Dodgers got their only run.  
San Francisco took a 2-1 lead in the first when Cepeda homered over the left-field screen with Willie Mays aboard.  
The Dodgers' fifth-inning run came on a double by Bob Lillis and a single by pinch-hitter Duke Snider.

The Giants made it 4-1 in the sixth when Bob Schmidt hit his third homer of the season with Daryl Spencer on. Spencer had doubled.  
Mays accounted for the fifth Giant run with his eighth homer in the ninth and San Francisco got another in the same inning on Cepeda's triple and a single by Jackie Brandt.  
Danny McDevitt went five innings for the Dodgers, giving

up two runs and taking his third loss in six decisions. Sanford's victory gives him a 6-4 record.  
The Giants gained a half-game on the first-place Milwaukee Braves, who split a double-header with Philadelphia. San Francisco now trails by three. The Dodgers slipped from third to fourth place, a half game back of the Pittsburgh Pirates, who whipped Cincinnati twice.

## National Soccer All-Stars Beat North Cal Team

SAN FRANCISCO (UPI)—The United States National soccer team downed the Northern California All-Stars 8-1 yesterday.  
The game served as a warm up for the All-Stars' battle with England Thursday in Los Angeles. Proceeds of yesterday's game went to charity.  
Willie Carson scored three goals for the All-Stars and Ed Murphy two.

## MARIN MILER WINS NORTH STATE TITLE

College of Marin sophomore Craig Spilman, undefeated in two years of junior college competition in the mile, won the Northern California J. C. championship Saturday night at Fresno.  
The 19-year-old Spilman, a resident of Manor, ran the mile in 4 minutes, 23.7 seconds to win the crown for the second straight year. It was not his best performance, however, as he was clocked in 4:19.3 the previous week at Redding.  
Spilman also placed second in the two-mile run Saturday, loving by a few steps to San Jose's Bill Lane. Spilman was clocked in 9:48.5.  
He will enter the state championships this week at Modesto.

## CORINTHIAN REGATTA

## Easom Chalks Up Another Big Win

By ALFRED MATSON  
It was a close race all the way, but the combination of Hank Easom, and good crew on the "Echo" was too much for the competition in the Farallone Clipper class and they won, going away in the Corinthian Yacht Club's weekend regatta. A win that is but another milestone in young Easom's sailing career.  
Now living in Sausalito, he spent his youth in Belvedere, started sailing at the age of 8 and winning races in a well-formed habit, much to the dismay of the competition.  
Right about here it would be real jolly to report that the ladies had again whupped their rivals in the 210 Class. But, while the gals on both the "Top Banana" and "Gay Blade" gave it their all, and conditions were quite rugged, too, the race sheets reveal that they finished in third and fourth spots, respectively.

The wind was strong and brought about some fast times and a couple of casualties as well. Two Star boats lost their masts off Angel Island, "The Hustler," owned by John Rumsey, Belvedere, and "Music II," owned by Chris Sawyer of San Francisco.  
For two hours and 40 seconds it looked as though Dr. Nicholas Pedersen, San Rafael radiologist, was the sure winner in the Hurricane class. He led from the start and was but a few yards from the finish line and, blooie, the "Random" appeared out of nowhere and nosed him out by just 10 seconds.

## TIBURON DOWNS S.F. COPS IN SEASON DEBUT

Tiburon Pelicans semi-professional baseball team opened the 1959 season yesterday by pounding out a 9-5 triumph over the San Francisco Police Department team at Tiburon.  
Right-hander Buzz Wensloff went the distance for the Pelicans, giving up five hits. Eddie Vigno Jr. and Hal Owen each drove in two runs while Fred Thurman and Ken Anderson each collected two hits for the victors.  
The Tiburon double-play combination of Vigno at short and Bob Sapp at second turned in three twin-killings.  
Williams, Busby Hurt

BOSTON (AP)—Outfielders Ted Williams and Jim Busby, forced out of yesterday's game with Washington because of injuries, are expected to be ready when the Boston Red Sox open a series at New York Tuesday night.  
Williams pulled a muscle in his right leg. Busby bruised his right wrist when he slammed into the wall chasing a triple. Both injuries were considered minor.

## 2 Marinities Score Well In NCS Track

Ron Snidow of San Rafael High School and Dennis Bailey from Drake were the only Marin County athletes to score points Saturday in the North Coast Section Track and Field Finals at Berkeley.  
Snidow placed second in the Class A discus with a heave of 164 feet, 2 inches and qualified for the state championships Friday night at Bakersfield. He is the first San Rafael athlete to qualify for the state meet since Roger Lane, a half-miler, went in 1939.

Snidow placed second to Fremont High's Shoenwetter in the NCS Saturday. The winner set a record of 173 feet, 2 3/4 inches. Snidow, regaining his strength after an illness, has bettered 170 feet and will be out to upset Shoenwetter in the state finals. Other threats are Andy Alkire of Montgomery High and Alex Darnes of San Francisco's Polytechnic.

**BAILEY STARS**  
Bailey, who has never lost a high hurdles race in his high school career, won the 70-yard tall timber in the NCS Saturday with a 9.1 seconds clocking. He also placed third in the 120-yard low hurdles.  
On the previous week young Dennis won two events in pacing Drake to the sub-NCS championship at Vallejo. Other members of the team were Ted Cain, "Silky" Sullivan and Bob Roix.

## Callison Snares Norcal Amateur Golf Championship

SACRAMENTO (AP)—Verne Callison of Sacramento won the Northern-California amateur golf championship yesterday at North Ridge Country Club with a 1-up victory over Dave Bohannon of San Mateo.  
Callison won on the 36th hole when Bohannon drove in to a trap and got out poorly for a double bogey 6.  
The 40-year-old Callison, a tavern keeper, has won many local titles in the past 20 years.  
Bohannon, a 25-year-old estate man, won the Peninsula Country Club title in 1955 and was runnerup this year.

## Bucs Sneaking Up Into Pennant Race

By U.P. INTERNATIONAL  
Don't look now but the Pittsburgh Pirates are back in the National League pennant race!  
They're in third place only four games out of first place—their exact position a year ago after 38 games when they were shaping up as the league's surprise contender.  
The Pirates lost five straight to start this season, but they've made up all that lost time thanks to a five-game winning streak that started May 20—the day after Manager Danny Murtaugh issued a win-or-else ultimatum.  
The Pirates completed a quick jump from sixth to third place yesterday when they beat the Cincinnati Reds, 2-1 and 5-4 in 10 innings. They won both games in the last inning—the opener on Danny Kravitz' ninth-inning double and the nightcap on a 10th-inning double by Smoky Burgess.  
The second place San Francisco Giants also picked up ground on front-running Milwaukee by beating the Los Angeles Dodgers, 6-1. The Braves beat the Philadelphia Phillies, 8-3, after losing their opener to ex- teammate Gene Conley, 6-0, and the St. Louis Cardinals defeated the Chicago Cubs, 7-3.

**AMERICAN LEAGUE**  
The Cleveland Indians widened their American League lead to one full game with a split of a double-header with the Detroit Tigers. Winning, 3-2, and losing, 6-3. The Kansas City Athletics downed the Chicago White Sox, 8-6, the Baltimore Orioles shaded the New York Yankees, 2-1, after losing the first game, 9-0, and the Washington Senators routed the Boston Red Sox, 8-3.

**REALTORS UNBEATEN IN LITTLE LEAGUE**  
The undefeated Realtors rolled up their sixth victory Saturday by outslugging the Merchants, 12-9 while the Yankees edged the Giants 4-2 in the Mill Valley National Little League.

# Archer Beats Pro Golfer, Kicker In Tri-Way Contest

State small game archery champion Larry Petretti proved as effective with his bow and arrow on a golf course as he is on an archery range by winning a tri-way "golf" match yesterday with a professional bare-footed football place kicker.

Petretti, the Marin County target champion, scored a five-under par 22 on the Las Gallinas Golf Course north of San Rafael. He shot an arrow around the course and had to hit a 4½-inch target on each green.

Playing golf the way it was meant to be played, Pro Golfer Bob Silva of the host club turned in a nifty 26 for second place while bringing up the rear in this unique match was Gordon Tovani of Kentfield who had to kick the football 33 times to complete the round.

In all fairness to Tovani, he played under a terrific handicap since winds up to 35 miles per hours made for miserable football kicking conditions.

**SPECIAL TROPHIES**

Co-sponsored by Victor Carrara of the Las Gallinas course and Cliff Cox of Le Chateau Restaurant, the tri-way match was witnessed by approximately 100 spectators. Cox presented each of the participants a beautiful trophy in ceremonies following the match at Le Chateau—Petretti a cup as "Best Bow," Silva one for "Best Pro" and Tovani as "Best Toe."

Petretti was deadly with his bow and arrow, never once going over par. He birdied the first, second, fourth, fifth and seventh holes and parred the rest. His accuracy was cheered by the crowd.

Silva thrilled the audience on the very first hole when he rammed home a difficult, curling 35-foot putt for a bird. He had two bogeys, but offset them with two more birds on the third with a 15-foot putt and the ninth with an eight-footer.

**BATTLES BREEZES**

Tovani, meanwhile, was battling the breezes. On the very first hole, kicking into the teeth of the strong wind, he had to scramble for a four. He parred the second hole, and then wowed the crowd with nifty kicks to birdie the third and fourth holes. On the fifth he hit the green for a par, but the ball bounced crazily off onto the apron and he had to settle for a bogey. That was

just the beginning of his trouble, however, as the wind ruined his boots on the sixth hole where he took a seven, wiping him out of contention. Tovani fought back for a par on the seventh, but double bogied the eighth. He parred the ninth.

Petretti ..... 223 223 233—22  
Silva ..... 232 334 432—26  
Tovani ..... 432 247 353—33

## NIEDER PUTS SHOT 64-6½ IN PRACTICE

SAN JOSE (UPI)—L. Bill Nieder pushed the 16-pound shot an incredible 64 feet 6½ inches Saturday in a practice put following an all comers meet here Saturday.

It was believed to be the longest toss under any conditions. USC freshman Dallas Long, co-holder of the world mark of 63 feet 2 inches, had a 64-foot 6-inch put in an exhibition last month in Arizona.

Bud Winter, San Jose track coach, said Nieder had another throw of 63 feet 9 and had about 10 straight puts of over 62 feet. "There's never been anything like it," he said.

Ray Norton warmed up for a rematch with Bobby Morrow Saturday at Modesto by capturing the sprints in 9.5 and 20.9 seconds.

## Leggett-Finn-Lee M.V. Golf Winners

The team of Mrs. H. C. Leggett, Mrs. Richard Finn and Miss Marcia Lee scored a 53 to win to Mill Valley Women's Golf Club's Best 3-Ball Tournament Friday at Mill Valley.

Other leaders: Mrs. Otto Barner-Mrs. Fred Fellows-Mrs. Lester Calender, 54; Mrs. Vollmar Thoney-Mrs. John Kobler-Mrs. Phil Schafer, 54.

**BULLSEYE** — As Caddy Ramond Q. Amonini holds flag aside, Petretti (left background) fires arrow through small target in hole on one of the greens. Petretti scored five birdies

for a five-under par 27 on the nine-hole golf course to beat out Pro Golfer Silva, who had a 26 and place-kicker Tovani who scored a 33 in their tri-way match. See story at right.

## FINAL MEET Ho-Hum! Troy Wins Coast Track Again

SEATTLE (P) — Southern California's Trojans won their 19th Pacific Coast Conference track and field championship Saturday — and now they can keep it. The conference was dissolved yesterday, putting an end to a track meet which has been an annual event for 29 years.

The Trojans took the lead for keeps early when Marlin McKeever won the shotput and his twin brother, Mike, placed fourth. Tallying 54 points, Southern Cal won four first places and tied for another. In addition to McKeever, the Trojan winners were Charlie Dumas, who won the high hurdles and tied teammate Bob Avant in the high jump, and Luther Hayes, who won the hop, step and jump. Jim Brewer tied UCLA's George Roubanis in the pole vault.

**UCLA SECOND**

UCLA was second with 37½ after a slow start and Oregon placed third with 35.

Strung out behind these leaders were Washington 30 points, California 27½, Washington State 24, Stanford 17½, Oregon State 9 5/6 and Idaho 5.

One meet record was broken and three equalled. Champions were deposited in five events and the defending titlists had to make room for co-holders in the other five. Avant earned a share in Dumas' jumping title and Roubanis was tied for pole vault honors by Brewer.

**WHITE BEATEN**

California's Willie White lost both sprint championships, but he took over the low hurdle title from Spike Arlt of Washington State. He had to crack the meet record to do it, going the 220 yards over barriers in 23 seconds. It nipped a tenth of a second off the mark set in 1950 by Dick Atlessey of USC.

Roscoe Cook, winning two of Oregon's four firsts, replaced White as sprint king. He matched the 100-yard dash record in :09.5 and the 220 mark in :21 flat and will share each record with three predecessors.

**440 MARK TIED**

Another Oregonian, Otis Davis, took the 440 title away from Washington's Terry Tobacco in :46.4, equalling the meet mark set by California's Grover Klemmer in 1941. The other deposited champion was Jerry Siebert of California, beaten in the half mile by Ernie Cunliffe of Stanford.

Tobacco and Siebert figured in a mixup that left two teams untimed in the relay. Running with the leaders in the third lap, Siebert dropped the baton and pulled up.

Jack Yerman, anchor man for California, ran the final lap half chest behind Tobacco. The timers got a clocking for Yerman but missed second-place Southern California and fifth place UCLA.

## Brief Ceremony Breaks Up Pacific Coast Conference

SEATTLE (P) — The Pacific Coast Conference is dead today after 44 years of lively existence.

Only a few tag ends, like a baseball playoff and the sale of a typewriter, remain before the nine heirs complete the division of the estate.

The dissolution was finalized here yesterday by the faculty athletic representatives who been the conference bosses. The ceremony was brief, lasting only about two hours.

The only eulogy was a resolution thanking ex-employees and ending "with a sincere hope that the future will present many opportunities for the institutions we represent to engage in friendly athletic competition."

UCLA has said it will never again meet Oregon or Washington State athletically. California, Washington, Southern California and UCLA have formed a "Big Four" and will take over the Rose Bowl game after 1960. Stanford, Oregon State, Idaho, Washington State and Oregon will operate independently.

Washington's baseball team was designated to represent the conference in the National Collegiate Athletic Assn. playoffs. Southern California, which meets Washington this week for the conference title, is on probation with the NCAA and ineligible to bid for the national crown.

## DRIVER HURT IN VACAVILLE SPEED CRASH

VACAVILLE (P)—Eugene Case, 25, of Bakersfield suffered a broken neck yesterday when the throttle jammed on his drag-strip racer. His condition is reported as serious at nearby Woodland Clinic.

His car, clocked at 167 miles an hour as it came off a quarter-mile course, shot to the end of a mile-long deceleration strip and smashed over a 12-foot embankment.

Art Chrisman of Los Angeles, who holds the world dragster record of 181 miles an hour, won the event by setting a new Vacaville drag-strip record of 176.43 mph. The old mark was 175.78 mph.

# Money when you need it —for any purpose!

## First Western Bank

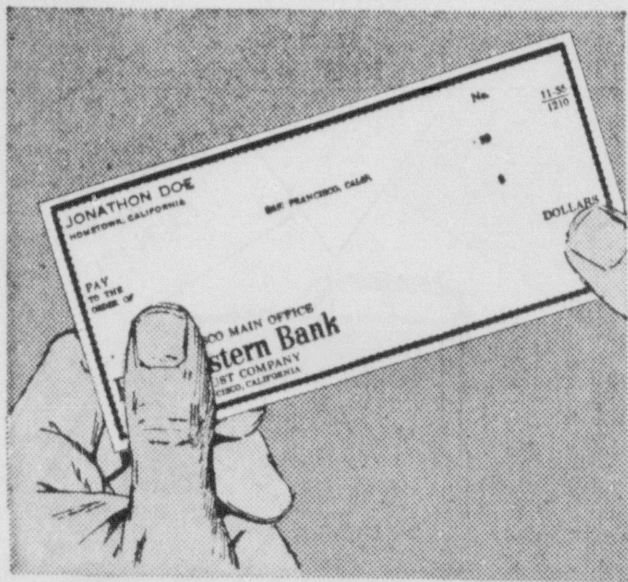

# Ready-Credit

## Just write a check—and the loan is yours!

### It's amazingly simple:

First Western Bank READY-CREDIT is a revolving loan account specifically designed to give you a pre-arranged "line of credit" at your First Western Bank. The bank sets aside for your use an amount determined by monthly payments best suited to your income. This is known as your "maximum credit." Once established, it may be used for purchases or major bills covering an almost endless variety of categories. It's amazingly simple to use First Western Bank READY-CREDIT.

### Here's how it works...

3. When your credit application is approved and your "maximum credit" established, First Western Bank sends you a set of attractive checks—each one personalized with your own name and address printed on it. You will also receive a Register on which to enter all the checks drawn against your READY-CREDIT account. If you are using money to pay a number of bills, it is economical to draw just one check against your "maximum credit" and deposit it in a First Western Bank checking account—and pay your bills with checks drawn against that account.

4. Think of the freedom you'll enjoy with First Western Bank READY-CREDIT! Just write a check—it's that simple!—and you have the money for all sorts of expenses!—that foreign vacation you've always wanted... household costs... school or college tuitions... auto repairs... appliance purchases... taxes and insurance... new clothes. There's no end to the many uses of First Western Bank READY-CREDIT.

1. The first step is your application. This may be made in writing—on a form supplied by your First Western Bank—and mailed to the bank. You may use the coupon in this advertisement to secure such a form—or ask for it by telephone. However, to insure the quickest action on the application, a personal call at the bank is preferred.

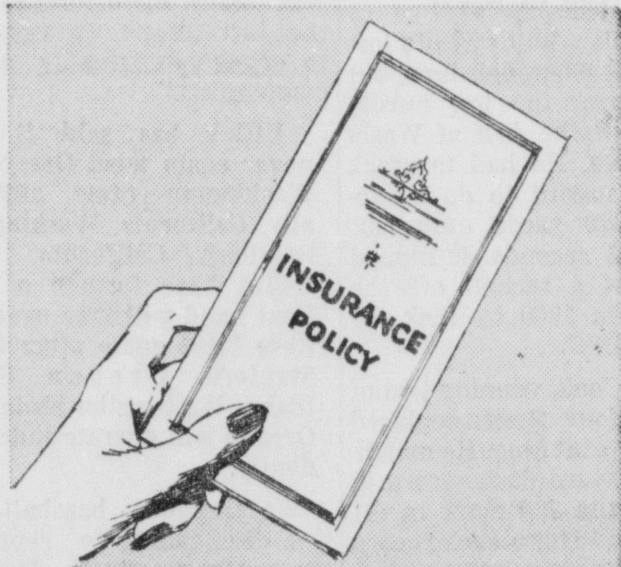

5. Another pleasant aspect of READY-CREDIT is that your First Western Bank does most of your bookkeeping for you. Once a month, in advance of your payment date, the bank will mail you a Statement showing the amount of payment due, the amount of remaining credit available—and other charges. These charges include interest at the rate of 1 1/4% on your unpaid balance—plus 25¢ each for READY-CREDIT checks paid by the bank.

### To Give You Several Examples

"Maximum Credit"	Amount In Use	Your Choice of Payment	
		Maximum	Minimum
\$2400.	\$600.	\$100.	\$60.
\$1200.	\$300.	\$ 50.	\$30.
\$ 960.	\$240.	\$ 40.	\$25.
\$ 600.	\$200.	\$ 25.	\$25.

2. You needn't start paying for READY-CREDIT until you have drawn the first check on your account. Thereafter, your monthly payments will be based on 1/24th of your approved "maximum credit" or 1/10th of the amount you have withdrawn—whichever is less—with a minimum payment of \$25.00. The chart above shows several typical examples with the choice of 1/24th or 1/10th payments.

6. Additional features of First Western Bank READY-CREDIT include Life Insurance at no additional cost, covering the outstanding amount of credit you have already used but not repaid... You may apply at any time to have your "maximum credit" increased... As long as your monthly payments are made promptly, your READY-CREDIT account will be considered permanent by the bank although you may close it at any time you wish.

7. As stated before, it's amazingly simple! Why don't you apply NOW—while you have this convenient coupon before you? Anyone over the age of 21, with a steady income and good credit background, is eligible. So fill out this coupon now—and join the responsible persons who have that greatest of all prestige builders, a true "line of credit."

## LAW IN ACTION

## Must 'Out-Of-Staters' Conform To Our Courts?

(This column, prepared by California lawyers, appears regularly in the Independent-Journal.)

Suppose a California visitor drives over you; or you sue a Nevada over some California land. Can you enforce a California judgment against the out-of-stater?

Under the U.S. Constitution, yes. States must give "full faith and credit" to the judicial proceedings of sister states. This applies even to judgments (like gambling debt) which California courts do not otherwise enforce because they are "contrary to public policy."

## MEANS OF CHALLENGE

You can challenge an out-of-state judgment only if it was obtained by fraud, or if the sister state's court lacked jurisdiction.

A judgment of a sister state may not be enforced when it had no "jurisdiction" (or power) to make that decision. For example, suppose a California husband seeks an out-of-state divorce, but does not properly set up his residence there, or fails to notify his wife of the suit. A California court may well refuse to enforce such a

HOLLYWOOD — Still handsome and rhythmic at 80, dancer Ruth St. Denis is hard at work on her last great project — bringing the dance into churches.

For 60 years, Miss St. Denis has been a leading figure of the American dance. And she isn't ready to quit now. She gave some hint of her continued vitality at four score.

"The creative life—that is what keeps me going. I must continue creating, and that means to dance. I still do my Yoga exercises every day—including the up-ending."

"Anyone who remains alert and alive after 70 must be vitally interested in something, whether it's art or golf or space. The ones who retire and start picking at their food and complaining because their grandchildren don't visit them more often—they are sinking down slowly and losing their grip on life."

Not so Miss St. Denis. She still maintains a heavy schedule, is lecturing and dancing this weekend at the Assistance League Playhouse as the start of yet another national tour.

The current passion of her life is creation of a rhythmic choir to dance to religious music. Having been a pioneer in liberating dance in the American theater, she wants to crown her career by adding dancers to worship.

"This is the most important thing I have done in the past 25 years," she said. "We are composing a dance to the music of Gabrieli, a writer of religious music who was pre-Bach. It is to be ready next year, and I already have had encouraging talks with leaders of the Methodist and Episcopal Churches."

"You see, the dance was an important part of worship from the earliest years of Christianity. Then in the 9th and 10th centuries, the people went to excess in dancing at celebrations and the dance was banned from the church. It never returned."

Miss St. Denis' figure is willowy and erect, and she talked with a crispness younger women would envy. I asked her if she had any special diet.

"I am not a vegetarian, but I eat little meat," she said. "Mostly fruits and vegetables. I don't smoke and I don't drink. Never have. And I must tell you it wounds me to see how the people of this country have become so absorbed with alcohol."

## Army Air Defense Discussion Set

The Army's anti missile missile, the Nike-Zeus, will be one of the primary topics of discussion at a conference of Army Air Defense commanders to be held at Marin's Ft. Baker tomorrow and Wednesday.

Maj. Gen. E. J. McGaw, who commands the 6th Region, U.S. Army Air Defense Command, announced that nine brigade and group commanders from all along the Pacific Coast will attend the conference.

McGaw said the Nike-Zeus is the Army's newest member of the Nike family, under development to intercept and destroy hostile missiles, as well as aircraft. The Zeus development is already well beyond the drawing board stage.

Mrs. Penhallow gave an incoherent account of having been beaten by her husband and another man.

The husband, David P. Penhallow, 54, president of Bay and River Navigation Co. in San Francisco, said his estranged wife had gone to a Belvedere dinner party with him and had become "obnoxious," at which point he and another guest forcibly put her into his car.

### Males, Age 20, Worst Drivers In California

SACRAMENTO (P)—Robert McCarthy, director of the state Department of Motor Vehicles, said today the worst drivers in California highways these days are 20-year-old men.

They accounted for 343 of the 5,000 drivers license suspensions ordered since McCarthy launched a crackdown April 8. Only 10 women born in 1939 were suspended.

Of the total suspensions, 4,673 were males and 327 females.

From age 20 downward, the number declined to 270 males and eight females in the 19-year-old bracket. At 18 there was a sudden drop to 107 males and three females.

Upwards from age 20, the statistics show improvement after age 25. At 21 those suspended were 290 males and 19 females; at 22 only eight of the 279 suspended were female; at 23 ten females out of a total 235; at 24 nine women out of the total 192.

The department suspends the licenses for 10 days of those with poor driving records in the past 12 months. McCarthy said he'll increase the suspension term if accidents do not decrease.

### INDIANS CLAIM PLANT JUICE STOPS BLEEDING

LA JOLLA (UPI)—Baja California Indians have a "first aid plant" which they claim stops bleeding, cures sore throats and gets rid of warts.

Biologist Conrad Limbaugh of Scripps Institute of Oceanography said he recently learned of the plant while in Baja California when a young Indian cut his hand. The youth walked to the plant, which looks like a geranium, broke its stem and squeezed its milky sap into his wound. The bleeding stopped immediately, Limbaugh said.

He said the Indians call the plant "lomboy" and claim they have been using it since ancient times. He said its scientific name is *Jatropha Cineres*.

### Laborer Charged With Knife Attack

George Slack, 29-year-old Marin City laborer, was booked at the county jail yesterday on charges of assault with a deadly weapon and disturbing the peace after Earnestine Grinner, 31, of House 624 in Marin City reported that Slack had chased her down an alley to her home with a knife in his hand.

Once inside her house, Mrs. Grinner said, she grabbed an ax and kept Slack at bay with it.

### Baudouin Leaves California For Visit To New Mexico

MONTEREY (P)—Belgium's King Baudouin leaves by plane for Santa Fe, N. M., today following an extensive goodwill tour of California.

The 28-year-old monarch topped off his West Coast visit with a weekend of rest and golf at the Cypress Point golf course on Monterey Bay.

He played 36 miles yesterday, after attending bass at 188-year-old Mission San Carlos Barroero del Rio Carmelo.

A caddy who carried President Eisenhower's clubs here three years ago compared the two from a golfing standpoint. He said that Baudouin was better, adding: "The King's a real

good golfer."

The king toured the afternoon 18 in a 6-over-par 78, including a 4-over par on the tough 16th hole. The 16th extends 222 yards over an arm of the seas, is bordered by sand and has been the nemesis of many an old pro.

Baudouin came to Monterey on Friday after an overnight stay at Yosemite National Park. Earlier he had toured Southern California and the San Francisco Bay Area.
